Company Profile

GreenLand Testing & Inspection Services (Pvt) Ltd is a trusted and rapidly expanding quality assurance organization in Pakistan, delivering professional inspection, testing, certification, and compliance solutions across multiple industries.

With ISO-compliant laboratories, advanced calibrated equipment, and a team of 7,500+ qualified, skilled, and experienced professionals, we support manufacturers, exporters, importers, infrastructure developers, and regulatory bodies in meeting both local and international quality standards.

We specialize particularly in export product inspection, where our teams conduct strict check & balance systems, scanning, and verification using optimized technological methods to ensure products meet global compliance before shipment.

Our mission is to strengthen Pakistan's industries by enabling reliable, transparent, and internationally recognized quality systems.

Our Purpose

We exist to build trust through reliable testing and inspection services. In today's evolving global economy, we help industries achieve first-class standardization and international acceptance.

We are committed to:

- ◆ Precision in Testing
- ◆ Integrity in Reporting
- ◆ Transparency in Procedures
- ◆ Excellence in Customer Service
